THE REAL  
HEROES  
EDITION

Kid Net Foundation  
2020 Annual Report

# TO YOU, OUR HERO

When you think of a hero, do you automatically envision someone wearing a cape flying through the air? Well, at Jonathan's Place, we know that not all heroes wear capes. Our heroes are there in good and bad times: **donors**; our heroes continue to come to work during a pandemic: **staff**; our heroes ensure that they are providing foresight, oversight, and insight: **board of directors**; and our heroes count down the days until they can once again play, ride bikes, and read to our children: **volunteers**.

## **OUR HEROES DO NOT WEAR CAPES!!!**

In a year like no other, the Jonathan's Place staff, Board of Directors, and Foster Care & Adoption families would like to thank you for again being our heroes. These have been tough times for everyone, and yet our heroes continue to ensure that the needs of abused and abandoned children continue to be met.

Your generosity and support ensured that through these unprecedented times our seven programs did not miss a beat. Our new child sex trafficking programs, **RESET** (Restoring and Educating Survivors to Empowerment and Transformation) Emergency Shelter and Long-Term Therapeutic Foster Care stayed on course, accepting our first residents in January 2020; our **Treatment Services** and **Therapeutic Foster Care & Adoption Program** experienced yet another increase over last fiscal year, providing 34,640 care days to 256 abused children and 30 adoptions; our **Safe Place**, runaway prevention program, continued to partner with DART buses/trains and QuikTrip

Convenience Stores to provide 24-hour assistance to any child in need; and our on-site residential programs (**Emergency Shelter, Girls Therapeutic, and Transitional Living**), which are located on our 29-acre campus, experienced a small decline over last fiscal year, which we expected due to the COVID-19 pandemic, nevertheless continued to provide exemplary services to every child who walked through our doors. We expect to see those numbers increase as children head back to school because teachers are the number one reporters of child abuse.

I know that child abuse is not an easy subject, and it is hard to wrap your minds around the fact that it even occurs, but it does. You, our hero, have been there for Jonathan's Place for almost 30 years, and without you, we do not exist. Thank you for listening to those hard conversations; thank you for seeing and providing a better future for the children in our care; and thank you for supporting our mission and vision to be the model agency making families and communities stronger through the treatment and prevention of abuse of children, teens, and young adults. **THANK YOU FOR BEING OUR HERO.**

*"I think a hero is really any person intent on making this a better place for all people."*

# RESET PROGRAM

Prior to the world shutting down due to COVID-19, Jonathan's Place expanded services to address unmet critical needs of the children / youth in the community.

It is estimated that there are currently

**over  
78,000**

child sex trafficking victims living in Texas.

A sex trafficker can make

**\$150,000-\$200,000**

**per child per year,**

and the average trafficker exploits 4-6 children / youth.

In partnership with the Office of the Governor's Child Sex Trafficking Team, in December 2019, Jonathan's Place established **RESET** (Restoring and Educating Survivors to Empowerment and Transformation) for children and youth sex trafficking victims.

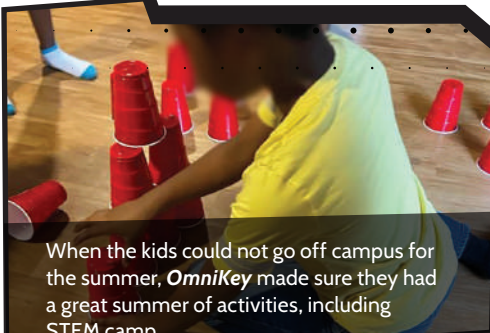

Through the **RESET** program, Jonathan's Place provides shelter, support and life skills for youth determined to be victims of sex trafficking. Services for sex trafficking victims are delivered through a **RESET Emergency Shelter** (caring for girls 10-18 for up to 90 days) and **Long-Term Therapeutic Foster Homes** (caring for boys and girls ages 5-18).

# NOT ALL HEROES WEAR CAPES

Rowlett **Chick-Fil-A** made sure every Tuesday was a great day!

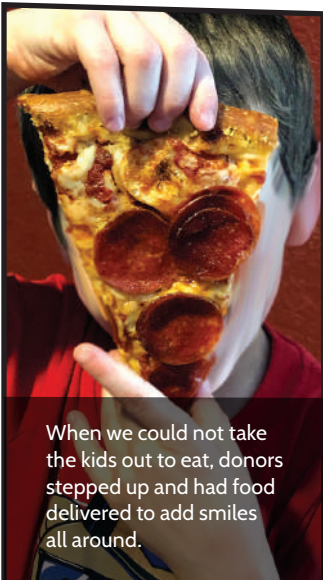

When the kids could not go off campus for the summer, **OmniKey** made sure they had a great summer of activities, including STEM camp.

Donors came through to ensure the kids had all the supplies for distance learning.

With so many individuals being furloughed and laid off due to COVID-19, Jonathan's Place, which relies heavily on the support of the community to provide services, was concerned about having adequate income to provide comprehensive shelter and specialized care for the abused children of the community. But there was no need for concern. Donors put on their capes and through their unwavering support, ensured the children and staff had everything they needed. From PPE and cleaning supplies to toilet paper, food, and cash donations – the donors were true heroes during what was the most challenging of times.

When we could not take the kids out to eat, donors stepped up and had food delivered to add smiles all around.

**American Airlines** associates came through with donations of food, clothing and hygiene products.

In April 2020, like so many other agencies, Jonathan's Place made the difficult decision to close the campus to outside visitors and volunteers to keep the children and staff safe from COVID-19, but that did not stop the dedicated heroes who support the children at Jonathan's Place. Everyone got creative through Zoom and COVID-safe outings allowing the children to just be kids!

## VOLUNTEERS

Prior to the world shutting down, **Texas DPS** once again made sure the kids had an amazing holiday season.

Thanks **In-N-Out Burger**, we were able to host a fun, COVID-safe, drive-through family picnic.

When volunteers could not visit campus - Zoom activities allowed everyone to stay connected.

Each Spring, Jonathan's Place hosts the annual A Chance to Soar luncheon. Through this signature event, critical funds are raised to ensure the doors remain open and all the programs can operate at capacity for the coming year. In April 2020, the world was shut down due to COVID-19, and the event unfortunately had to be canceled. Jonathan's Place reached out to each of our committed sponsors to talk through their various options: a refund, transferring their funds to the following year, or allowing Jonathan's Place to make the sponsorship an outright donation with no benefits. The outpouring of support from these heroes was inspiring!

# HEROES

COVID-19 stopped so much in the world, but unfortunately, it did not stop the nightmare of child abuse and neglect in Texas. Despite the pandemic, the calls continued and children still needed to be rescued. At Jonathan's Place, they were provided with shelter, food, clothing, medical care and comprehensive mental health services by a team of dedicated staff. These were the real heroes during COVID-19. They showed up every day, putting themselves and their families at risk to make sure the children had someone to care for them and to help them heal. These are just a few of the many heroes at Jonathan's Place who endured without hesitation.

Staff participated in **2,725 hours**  
of training to provide exceptional care to children in need.
