

At this time, Jonathan's Place will once again be able to receive new donated goods to benefit the children in our care. Due to COVID, the procedure of donating has changed slightly to keep everyone safe, but hopefully it will not make things inconvenient. Thank you for your ongoing support to care for the most vulnerable of our community!

Drop off procedure:

- You can bring new items to campus (6065 Duck Creek Drive, Garland Texas) M-F between the hours of 9a-4p.
- All drop offs **MUST BE CONTACTLESS** so please pull around to the back of the main building.
- In front of the Hillcrest Donation Center you will see a large black Rubbermaid tub.
- Place your new donated goods inside the tub. If you have gently used items, please place them in the large white donation box just down from the Hillcrest Donation Center.
- Inside the black tub, there will be a clipboard. Please fill out the requested info. This info is necessary for our bookkeeping and allows us to provide a tax receipt for your records.
- Staff will be checking the tub regularly and will put donations inside the building throughout the day.
